

SPECIFICATION

TYPE: FABRIC BACKED VINYL

GENERAL DETAILS

A top hung vinyl concertina partition with an internal steel pantograph frame. All systems made to measure to suit dimensions and can be supplied either single wing, bi parting or with floating units.

Option for floor supported in the absence of a suitable support fixing.

Width: Unlimited **Height:** Maximum 3000mm

CONSTRUCTION

The partition consists of an internal framework of electro-galvanised 6mm steel rods and nylon hinges at 1 metre centres.

Finish

Fabric backed vinyl, available in 24 colours with a 1-year manufacturer's warranty. Fully washable and has been treated with a water based acrylic solution, giving an extra stain, mould, mildew, fungi, and bacteria resistant finish.

Fire Rating

Class "O" and class "1" to BS476 is standard with the option for The Furniture and Furnishings (Fire) (Safety) Regulations 1988, Schedule 1, Part 1, when using ignition source 5 of BS5852: 1982 Part 2.

Panel Widths

2 panel width options, wide stack at 410mm and narrow stack 255mm.

Track

SAA track – 33mm x 34mm

Acoustic Rating

Type 100 15dB 8kgs per square metre

Type 200 24dB 11kgs per square metre

Type 300 31dB 16kgs per square metre

Type 400 35dB 21kgs per square metre

Locking

Magnetic latches are supplied as standard on all systems with option for a lock.
